

Welcome to Physician Supply Company, Limited's e222 Ordering System

The following information will guide you through getting started with our simple e222 electronic order system. CSOS (Controlled Substance Ordering System) is a DEA approved legal process that allows registrants to send Controlled Substance orders electronically to suppliers for order fulfillment.

There are many benefits to enrolling in **CSOS** with Physician Supply Company, Limited. If you already have your Digital Signature Certificate from the DEA go to Step 3 below and start ordering now.

What are the benefits of CSOS ?

Faster Transactions – it eliminates the need of manually completing and mailing/overnighting paper 222 forms. Immediate receipt allows us to process orders the same day.

Order Accuracy - Orders may be keyed in and reviewed before submitting. Errors are virtually eliminated by electronic ordering. No more mistakes and voided forms.

Increased Efficiency - By reducing time and effort on all parties, e222 orders are documented to be more efficient and less costly than completing traditional paper 222 order forms.

Ordering Freedom - Orders may be placed at any time with ease to ensure products arrive quicker. CSOS eliminates the need for paper 222 forms.

To enroll and begin using e222 [print this checklist](#) and complete these 3 simple steps:

Step 1: Apply to the DEA for CSOS Certificate (Digital Signature)

Step 2: Retrieve your Digital Certificate then proceed to step 3.

Step 3: Contact us at 866.991.1665 to complete set up of your Physician Supply Company's e222 login account and begin placing orders
